

The Blizzard of 2010: The Good, The Bad, The Ugly

- ❖ Where were you during the Blizzard of 2010? What did you do while you were snowed in the house? Create a one-page website to let people know your experiences during this historic snowstorm - The Good, The Bad and The Very Ugly.
- ❖ Start this Snow project with a new folder that contains the following: private folder, images folder and an index file.
- ❖ Rename your new folder Snow(your name).
- ❖ Select a title for your website. You may select a title from the following list or create your own.

- Snowmageddon
- 2010 Blizzard – The Good, The Bad, The Very Ugly
- Snowpocalyspe
- Historic Snowstorm of 2010
- Eating Our Way Through Snowmageddon
- Snowpocalypse 2010: Everybody Panic!
- Snowmageddon Blankets Maryland
- Icetastrophe
- Snowtastrophe
- Snowmageddon: The Good, The Bad and The Ugly
- February 2010 Snowstorm Blankets Greenbelt
- The Aches and Pains of Snowmageddon

- ❖ On your web page, use the theme and words - **The Good, The Bad and The Very Ugly** to describe your experiences during this historic snowstorm.
- ❖ Include text and graphics on your web page. You may use Flamingtext or any other Glitter or Animated text for your title/heading.
- ❖ Make sure your graphics are saved in your Snow images folder.
- ❖ Use a Sans-Serif font on your website (Verdana, Arial, Agency, Arial Narrow).
- ❖ Remove table border on your web page.
- ❖ Make sure you Preview your web page to see how it will look when uploaded to Internet Explorer.
